Privacy Policy

Kheti Kranti - rent and rent out farm equipment

Effective date: 13 October 2026 | Last updated: 13 October 2026

Kheti Kranti is a website that helps farmers rent the farm equipment they need and rent out the equipment they are not using. This policy explains what information we collect, why we collect it, who can see it, and the choices you have. Please read it before using the site.

1. Who we are and what this policy covers

This policy applies to the Kheti Kranti website and all its pages, in both Hindi and English. In this policy, **"we", "us"** and **"Kheti Kranti"** mean the team that runs the website, and **"you"** means anyone who uses it, whether you rent equipment (a **hirer**) or rent it out (an **owner**). By using the website you agree to this policy.

2. Information we collect

We collect only what is needed to run the service. The information comes from you, from your device, and from your use of the site.

What	Examples	Why we need it
Profile details	Your name and mobile number	To identify you, let hirers and owners reach each other, and keep your account safe
Equipment you list	Category, item or company name, model, price per hour or day, driver option, extra details, mobile number, location	To show your equipment to other farmers and let them book it
Photos	Pictures taken with your camera or chosen from your gallery	To show the real condition of your equipment
Location	Village and district you type, or your device location if you tap "Use my location"	To show machinery near you and the distance to each item
Bookings and activity	Bookings, items in your cart, searches, out-of-stock changes	To run bookings and show you the right results
Voice search	What you say when you tap the microphone	To turn your speech into a search
Device and usage	Browser type, pages visited, IP address, language and theme	To keep the site working, secure and easy to use

Voice search. The microphone feature uses the speech recognition built into your browser. Depending on your browser, your voice may be processed by that browser's provider. We receive only the text of your search, not a recording of your voice.

Payments. Kheti Kranti does not store your bank, card or UPI details. At present, hirers pay owners directly when the machine is collected. If online payment is added later, it will be handled by a payment provider and this policy will be updated.

3. How we use your information

- To create and run your account, listings, bookings and cart.
- To show equipment near you and calculate distance.
- To let a hirer contact an owner, and an owner contact a hirer, about a booking.
- To suggest fair prices and improve search results.
- To remember your language, theme and location so you do not have to set them again.
- To protect the site from misuse, fraud and fake listings, and to fix technical problems.
- To follow the law and respond to valid legal requests.

4. What other users can see

Kheti Kranti works by showing information to other people, so please share only what you are comfortable with.

- **Public on your listing:** equipment photos, category, name, model, price, details, owner name, and the village or area of the equipment, along with the distance from the viewer.
- **Shown on request:** your mobile number is shown to a user when they choose to contact you about an item.
- **Never shown:** your device GPS coordinates are not displayed to other users. Please do not type your exact house address in listing details or photos.

5. Sharing your information

We do **not** sell your personal information. We share it only in these cases:

- With the other party to a booking, as described in section 4.
- With service providers who help us run the website, such as hosting, storage, maps, SMS or payment services. They may use the information only to provide those services to us.
- When the law requires it, or to protect the safety and rights of our users and the website.
- If the project is transferred to another organisation, in which case this policy will continue to protect your information.

6. Camera, gallery, location and microphone permissions

Your browser asks your permission before the website uses your camera, photo gallery, location or microphone. You can say no, or change the permission at any time in your browser or phone settings. If you refuse, the related feature (live photo, nearby machinery, voice search) may not work, but you can still use the rest of the site, for example by typing your location.

7. Cookies and data stored on your device

The website stores small pieces of information in your browser, such as your chosen language (Hindi or English), light or dark theme, selected location and items in your cart. This is used only to make the site work the way you set it up. You can remove it by clearing your browser data.

8. How long we keep information

We keep your information for as long as your account is active or as needed to provide the service. Listings and bookings may be kept for a reasonable period afterwards for records, disputes and legal reasons, and are then deleted or made anonymous. When you ask us to delete your account, we delete or anonymise your information unless the law requires us to keep it.

9. How we protect your information

We use reasonable technical and organisational measures to protect your information, such as secure connections (HTTPS) and limiting who can access data. No website can be completely secure, so please also protect your own phone and never share your login details or one-time passwords with anyone.

10. Your rights and choices

You may, at any time:

- ask to see the personal information we hold about you;
- ask us to correct information that is wrong or out of date (you can also edit your listings yourself in My Equipment);
- ask us to delete your information or your account;
- withdraw consent you have given, for example by turning off location, camera or microphone access;
- mark any equipment as out of stock so that it is no longer shown to other users;
- raise a complaint with us using the details in section 15.

We will respond within a reasonable time. We may need to confirm your identity before acting on a request.

11. Children

Kheti Kranti is meant for adults. We do not knowingly collect information from anyone under 18 years of age. If you believe a child has given us information, please contact us and we will delete it.

12. Meeting and dealing with other users

Kheti Kranti connects farmers; the rental deal itself is between the owner and the hirer. For your safety, meet in a public or familiar place, inspect the machine and agree on price, dates and fuel before handing over money, and pay only after you receive the equipment. Report anything suspicious to us.

13. Links to other websites

The website may link to other websites or services, such as maps or social media. We are not responsible for their privacy practices, so please read their policies.

14. Changes to this policy

We may update this policy from time to time. When we do, we will change the "Last updated" date at the top and, for important changes, tell you on the website. Using the site after a change means you accept the updated policy.

15. Contact and grievance officer

If you have a question, request or complaint about your privacy, please contact us:

Grievance Officer	Nitesh Kumar
Email	nk1807282@gmail.com
Phone	9608783010
Address	Begusarai, Bihar - 851134

Thank you for trusting Kheti Kranti with your information.
